LE SOL COMME TERRITOIRE DE CRÉATION

Nous pensons que le sol n'est pas une surface neutre. C'est un territoire, une **matière d'expression**, un élément fondateur du projet. Avec l'impression Prisma HD, la moquette s'affranchit des contraintes : **aucune limite de couleurs, aucune limite de dessins, aucune limite d'interprétation.**

Nous avons imaginé un **cahier d'inspiration**, composé de thématiques et de dessins, non comme un catalogue figé, mais comme une base créative ouverte.

Des harmonies chromatiques sont proposées pour guider, suggérer, révéler — sans jamais contraindre.

Chaque projet peut être adapté, recoloré, réinterprété, ou entièrement créé sur mesure.

À chaque étape, nous **accompagnons le geste créatif** : de l'intention à la matière, de l'idée au sol posé.

THE FLOOR AS A CREATIVE TERRITORY

We believe the floor is not a neutral surface. It is a territory, a **medium for expression**, a foundational element of any project.

With Prisma HD printing, carpet breaks free from constraints: **no limits to colour, no limits to design, no limits to interpretation.**

We have imagined an **inspiration book** made up of themes and designs, not as a fixed catalogue, but as an open creative base.

Chromatic harmonies are proposed to guide, suggest and reveal — never to restrict.

Each project can be adapted, recoloured, reinterpreted or entirely custom-made.

At every stage, we **support the creative process**: from intention to material, from idea to finished floor.

DER BODEN ALS KREATIVES GESTALTUNGSFELD

Wir sind überzeugt, dass der Boden keine neutrale Fläche ist. Er ist ein Raum, ein **Ausdrucksmittel**, ein grundlegendes Element jedes Projekts.

Mit der Prisma HD Digitaldrucktechnologie befreit sich der Teppichboden von allen Einschränkungen: **keine Grenzen bei Farben, keine Grenzen bei Designs, keine Grenzen bei der Interpretation.**

Wir haben ein **Inspirationsbuch** mit Themen und Dessins entwickelt – nicht als starres Katalogwerk, sondern als offene kreative Grundlage. Chromatische Harmonien dienen als Orientierung, Inspiration und Impuls — niemals als Einschränkung.

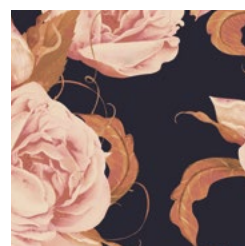

Jedes Projekt kann angepasst, neu koloriert, interpretiert oder vollständig maßgeschneidert umgesetzt werden.

In jeder Phase **begleiten wir den kreativen Prozess**: von der Idee zur Materie, vom Entwurf zum verlegten Boden.

Ce document est fabriqué en impression éco-responsable alliant gestion durable des forêts, encres 100% végétales, énergie solaire et consommation d'eau réduite.

The environmentally friendly printing process used to produce this document involves sustainable forest management, 100% plant-based inks, solar energy and reduced water consumption.

Für die Herstellung dieses Dokuments wurde ein ökologisches Druckverfahren verwendet, wobei nachhaltige Forstwirtschaft, rein pflanzliche Farben, Solarenergie und reduzierter Wasserverbrauch miteinander kombiniert wurden.
